## ***Space Capsule - Nova Series***

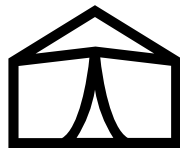

### **Size**

**Size :** L7.5m x W3.5m x H3.5m  
(Conceptual Estimate)  
**Sq Ft :** ~270 sq ft (25 sq m)  
**Ceiling :** 3.5m (11.5 ft)

### **Occupancy**

**Fits :** 25-35ppl  
**Sleeps :** 6-12ppl

### **Material**

**Frame:** Conceptual: High-tensile aluminum or composite frame.  
  
**Exterior Wall:** Conceptual: Curved, insulated composite panels.

**Cover:** Integrated mono-shell with photovoltaic coating.

### **Cost**

**Contact for Quote**  
(Varies with size and specification)

### **Build**

**Time :** 1-3 days  
**Team :** 2-4ppl

Note: This is a design concept. All specifications are illustrative and subject to customization based on client requirements and engineering feasibility.
